Furniture handles & Hooks

Why choose us:

20+ years experience,

Exceptional customer service,

OEM&ODM service,

holding REACH and SEDEX certifications,

10+ new products each season

Wenzhou Millions Technology Co., Ltd., established in 2019, specializes in the research, development, sales, and service of furniture cabinet hardware, furniture handles, and coat hooks. Located in Wenzhou City, Zhejiang Province, with convenient transportation access, we are committed to strict quality control and attentive customer service. Our experienced staff are always available to discuss your requirements and ensure complete customer satisfaction. Additionally, we hold SGS, REACH, and SEDEX certifications. Our products are well-received in numerous countries across Europe and North America. We also welcome OEM and ODM orders. Whether selecting a product from our catalog or seeking engineering assistance for your application, our customer service team is ready to support your sourcing needs.

Our founder, Mr. Wu, began his cabinet hardware business in 2002 under the name Wenzhou Chibo Hardware. To provide better service directly to our customers, we integrated our domestic and international operations in 2019, establishing Wenzhou Millions Technology Co., Ltd.. So we are a professional and experienced industrial and trade-oriented enterprise, established in collaboration with Millions and Chibo Hardware.

We have all the processes in control, except the plating process, ensuring the consistent high quality control and competitive cost control, we have sets of automatic polishing machines to make sure orders can be finished with good quality and fast delivery. And Millions company have our own innovative R&D team, there are more than 10 new handles can be designed by our R&D team every season.

Our products are widely welcomed and export to many brand companies, chain stores, government projects, private projects of European, America, Australia and middle east. Attractive price, good quality, timeless delivery and attentive service are our mission, this we think is very important for a good co-operation.

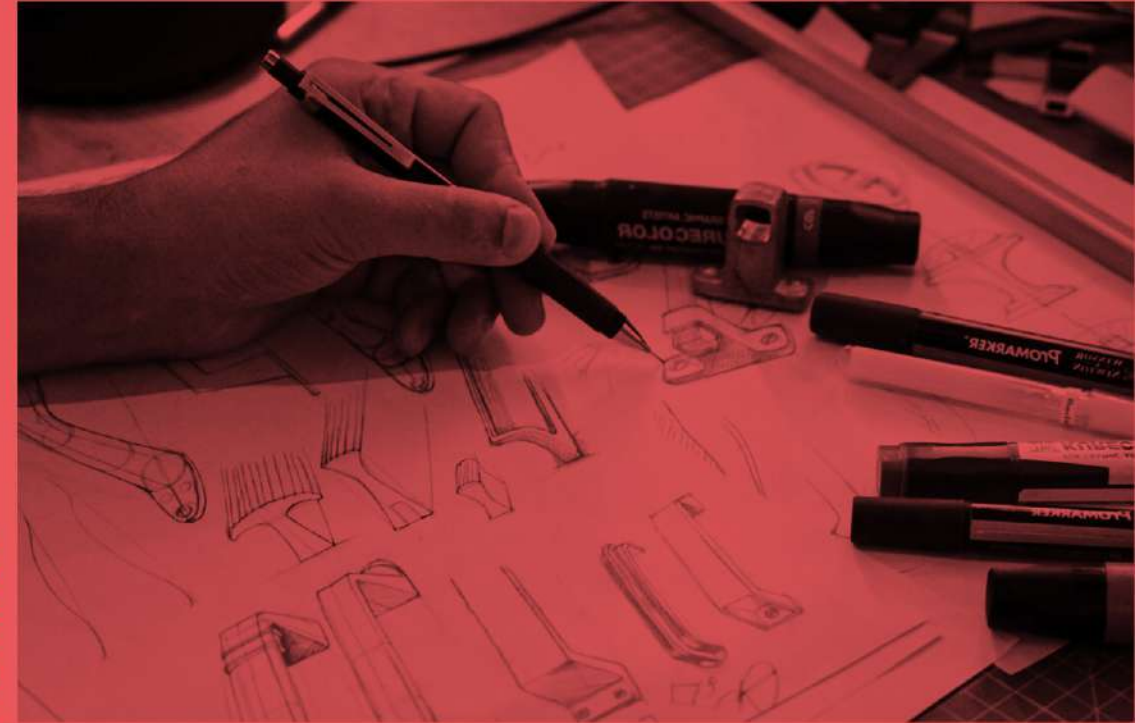

With ingenuity,
See the chapter for details.

MILLIONS Factory workshop

Where design is the soul and craftsmanship the foundation. Our designer team infuses each piece with aesthetic inspiration, transforming handles from mere functional tools into artistic accents in space, spanning minimalist modern to vintage classics. Backed by a complete industrial chain, we independently oversee every stage from creative sketches to precision casting: meticulously selecting premium materials, our craftsmen blend handwork with smart techniques to refine each handle with exquisite textures and enduring vitality. Here, design and manufacturing converge seamlessly—where the beauty of details illuminates every door and cabinet, embodying the philosophy of "small hardware, profound artistry".
